

Books for Children:
FREEDOM FOR FREDDIE
by Sharon L. James

Sharon dedicated her first Brooke, and to her former pet

Sharon found Freddie sixteen "brother." He was about the size motorcycle to move the babies then thought her daughter would them home and Freddie's Freddie spent the next 12 years she was doing Freddie a favor by enrichment that pet stores had to realize that she had really for years.

It's Sharon's wish that her leave wild animals in their own

Sharon had her revelation house. As she rowed out on the basking in the sun, and she decided that Freddie should join the weather and location, she shallow part of the lake. Saying Freddie started swimming and hands in the air as if he thought

Sharon visited Freddie daily rowed out to the area where she would call his name and rattle that Freddie used to be fed in would make himself known by little hand to say, "It's me." greeting her, but Sharon acclimated to his new get his own food, make his own of interesting rocks, branches, keep his mind occupied.

If you ever want to visit Walkkill, NY with other turtles. row you out for a visit.

Illustrated by **Sonia Desilets**. The book may be ordered by visiting www.xlibris.com/bookstore or calling 888-795-4274 ext. 7879.

book to her first granddaughter, turtle, Freddie.

years ago crossing a road with his of a quarter. Sharon got off of her to the other side of the road, but like to have them as pets. She took brother died the following day. Poor alone in his tank. Sharon thought keeping him in a tank with all the to offer. Four years ago, she began deprived Freddie of a full, rich life

book will teach kids (and adults) to habitat.

when she moved to her lakeside lake, she discovered many turtles compared their lives to his, and them. After careful consideration of placed Freddie in the chosen spot, a goodbye was painful, but then diving, and surfaced once with his to say "Good-bye."

that summer. At first, when Sharon had placed Freddie into the lake, she the container with the little sticks confinement. He heard her and following her boat and putting up his After several weeks, Freddie stopped believed he was there and fully surroundings. Freddie could now friends, and have a wide assortment vegetation, and other critters to

Freddie, he now lives in a lake in Perhaps if you contact Sharon, she'll
